 -Rev. Dr. Robert McAfee Brown

Tell Your Healthcare Story:

Access, or lack of access, to quality affordable health care touches us all: patients, providers and employers alike. Was there a time when you, or someone close to you, was uninsured, had inadequate insurance, or made a major decision based on the need to get or keep insurance? How did this affect you, your family, your business, or your congregation? *(feel free to continue your story on the back)*
